POSTER FOR STANFORD UNIVERSITY

CAPTURING COMPLEXITY:

the scientific, societal, and ethical meanings of "environment" in genetic research

A key question in genetic research is how environment is conceptualized, measured, and operationalized in the study of complex traits. While we have been approaching broad consensus about accepting the complexity of gene-environment interaction and its influence on human behavior, the actual characterization of the environment is problematic and in need of interdisciplinary and integrative approaches to finding solutions to this problem. This symposium will bring together perspectives from a wide range of disciplines to discuss the scientific, societal, and ethical meanings associated with defining 'environment' when talking about and conducting studies on the genetic basis of behavioral and other complex traits.

VISIT TOOMP'S MYSPACE PAGE 

SILENT EVENTS WEBSITE

The homepage features a large banner with a DJ and the text "PARTY LIKE ITS 2012". Below the banner are three event cards: "Nov. 31 T5 at JFK Airport New York, NY", "Nov. 04 Crossroads Huntsville, AL", and "Nov. 11-12 Bear Creek Music Festival Live Oak, FL". A "TEAM BIOS TESTIMONIALS" button is highlighted with a white box. The navigation bar includes links for HOME, ABOUT US, PHOTOS, VIDEOS, NEWS, EVENTS, PRESS & PROMO, and CONTACT. The "TOP SPONSORS" section lists Coca-Cola zero, Scion, Groupon, Jack Daniels Tennessee Whiskey, HP, and FUZE Healthy Infusions. The "About Silent Events" section contains a paragraph of placeholder text and a "READ MORE" button. The "Our Events" section shows a map of the United States with event locations marked.

The "About" page has a purple header with the "SILENT EVENTS" logo and a "GET CONNECTED" button with social media links. The main content features a large image of a party and the heading "About Silent Events". Below the heading is a section titled "Learn more about our company" with placeholder text. To the right is a "Upcoming Events" section listing three events: "Oct. 31 T5 at JFK Airport New York, NY", "Nov. 04 Crossroads Huntsville, AL", and "Nov. 11-12 Bear Creek Music Festival Live Oak, FL". Below that is a "Photos from Events" section with a grid of thumbnail images and a "MORE PHOTOS" button. The footer includes a search bar, a "SILENT EVENTS" logo, and links for Home, About Us, Team Bios, Testimonials, Photos, Videos, News, Events, and Press & Promo. It also includes copyright and website blending information.

WEBSITE RESKIN FOR JONAS BROTHERS_

The original website design features a dark, moody background with a black and white photo of the three brothers holding umbrellas. The top navigation bar includes links for HOME, TOUR, ABOUT, JB Q&A, STREET TEAM, SHOP, and MEDIA. A 'SIGN UP' button is on the left, and a 'COUNTDOWN TO NEXT SHOW' timer is in the top right. The main content area has sections for 'NEWEST PHOTOS', 'MYSPACE', and 'YOUTUBE'. It also includes a 'SHOUT OUTS!!' section with user posts and a 'LEAVE A SHOUT OUT!' comment form. Promotional banners for the album 'A Little Bit Longer' are visible, along with social media links for Flickr, MySpace, and YouTube. A 'FREE MUSIC DOWNLOAD' offer is at the bottom.

The reskinned website design maintains the same layout and navigation as the original but with a cleaner, more polished look. The background image of the brothers with umbrellas is replaced by a dark, atmospheric photo of the three brothers looking directly at the camera. The 'ABOUT' section is expanded with a detailed bio and a 'PRE-ORDER TODAY' section for the album. The 'MYSPACE' and 'YOUTUBE' sections are also updated. The overall aesthetic is more professional and polished compared to the original.
